Online Education

1. Does all programs/courses were completed on time.	Yes		
2. Measures taken to complete the syllabus of courses and programs.	<p>1. In the wake of Covid-19 pandemic, all teaching-learning was swiftly shifted to online mode using the already existing IT capacity and preparedness of the university. 2. The University has two learning management systems that include moodle, and Google classroom, through secure Google Suite package. The faculty members combined these with other web forms for course completion online. For content sharing and delivery teachers mounted their courses on these LMSs. Faculty members created video recordings, podcast, and audio books in addition to textual content which was accessed by students anytime. Keeping in view the challenge of both LMSs that these allow asynchronous teaching mode, teachers used web conferencing platforms (predominantly Google Meet and Zoom) to interact with students in real-time. 3. The faculty was provided support in content development and transaction by the University's IT Division. 4. The nature and calendar of assessments was suitably adapted to meet the students' learning needs. Formative and summative assessments are very essential components for teaching learning process. Teachers integrated different kind of exercises, quizzes, short reflective write ups as formative assessments through university's LMS. In addition teachers conducted telephonic viva and online group presentations using Google meet. 5. The students from economically weaker sections were provided with laptops, tablets and data-packs to facilitate their progress in the courses. 6. To resolve students queries, doubts, organizing large group discussions as well as to facilitate personal communication, teachers used various web conferencing and social messaging platforms. WhatsApp is most frequently accessed and was primarily used for announcements, like of the themes to be discussed in the forthcoming classes, announcements regarding content and reading material uploaded on LMS, and deadline for submission of assignments. WhatsApp voice recording was used by students also to send their questions and doubts regarding the material or assignments. Google meet and Zoom meeting for conducting group presentations, live interaction, discussion and clarifying doubts were used for completing the course in time. 7. Each School organised regular formal and informal meetings to understand their academic and socio-emotional concerns and experiences during the pandemic. 8. The administration conducted workshop training for faculty members to develop advanced skills for online teaching and also facilitated forums for reflection on the experiences. 9. Regular meetings to review the progress of courses and programs were conducted at 3 levels: programs, Schools and University levels.</p>		
3. The period of delay in completion of syllabus (in months).	0		
4. The period of delay in conducting exams (in months).	0
